WHITE CLOUD LODGE INVESTS \$2,000 IN LIBERTY LOAN

IS VOLUNTEER WEEK

Help Committee by Buying Securities Unasked.—McAdoo Urges Liberty Service in Churches Sunday.

White Cloud Lodge, I. O. O. F., at their regular meeting last night voted to purchase \$2,000 worth of Liberty Loan bonds and J. G. Grems, treasurer, was authorized to make the purchase from the general lodge fund. This is believed to be the largest single subscription by any Maryville fraternal organization.

Secretary McAdoo has requested the religious leaders of the United States to devote next Sunday, Oct. 6, to the cause of Patriotism and that it be made the greatest "Go to Church Sunday" in the history of the nation. It is expected that the pastors of Maryville churches will co-operate in the nationwide campaign in a Liberty service in behalf of the success of the Fourth Liberty Loan.

This week is volunteer week when everyone has a chance to buy bonds without solicitation. Chairman W. C. Pierce says that a number of volunteer applications have already been made and others are expected before the week ends. Every volunteer who applies this week will save just that much of the soliciting committee's time when the real work starts next Monday.

The effect of the Liberty Loans and the War Savings Stamps on savings banks' deposits has been watched with keen interest by economists and financiers. The experience of England was very encouraging; in the year 1916 the English small depositors purchased billions of dollars of war bonds and at the same time increased their deposits in savings banks over \$60,000,000.

The belief is entertained that the result in America has been very similar to that in England, and that despite the purchase by the American people of some \$19,000,000,000 of Liberty Bonds and more than \$600,000,000 of War Savings Stamps, a very fair proportion of which were purchased by savings banks, depositors' savings bank deposits have increased.

Pull reports have been received from the savings banks in New York state. They show a decrease in deposits for the last year of only \$8,000,000, but an increase of 21,252 depositors. The loss in deposits is insignificant; the increase in the number of depositors very significant. With increased cost of living and other war conditions, the decrease in deposits might well be expected; the increase of depositors shows that the saving habit is greatly growing in the country.

CHICKEN THIEVES GET AWAY

Officers Fail to Find Any Trace of the Persons Who Robbed the Pfeiffer Farm of 100 Fowls.

After spending most of the day yesterday in trying to find a clue to chicken thieves who robbed the roosts at the Chas. Pfeiffer farm near Skidmore Monday night, Sheriff Dowden today said no trace of them was found and bloodhounds that were put on the trail failed to pick up a scent.

The thieves visited the Pfeiffer farm early Tuesday morning and succeeded in getting away with nearly 100 Rhode Island Reds. Members of the family were awakened by the noise made by the birds, but the robbers made their escape before the alarm could be spread.

County health physician, Dr. Frank Wallis has received the following letter from the state board of health in regard to steps to be taken to prevent the spread of Spanish influenza:

Jefferson City, Sept. 30.

Dear Doctor: The appearance of influenza throughout the country and the deaths resulting therefrom, create a source of danger to the public health and to the welfare of the nation. Every effort is being made to prevent the contagion among the troops and the public must take every precaution to prevent its spread by which the many civilians entering the service will carry the disease into the camps.

An emergency exists and you are hereby requested to treat influenza as a contagious disease, to observe proper precautions for quarantine and fumigation and in case of death therefrom, not to allow public funerals or open caskets, in accordance with Section 6655, R. S. 1909.

By order of the Missouri State Board of Health.

GEO. H. JONES, M. D.

"Such a unanimous resolve to exist will and must, with God's help, succeed in breaking the enemy's will to war and secure for the Fatherland the peace it is worthy of, among the peoples of the world."

SENT TO DES MOINES HOSPITAL

Former Maryville Boy Brought From France.—Has Thrilling Experience.

Private Jack Green of Clifton Hill, Mo., a son of Mr. and Mrs. Dillard Green, former residents of Maryville, has recently arrived at the reconstruction hospital at Des Moines, Ia. He was one of twenty-two men, suffering from gas, shell shock and other ailments, to be sent from France for recuperation in the Des Moines hospital. Two hundred were sent over at the same time, the others going to different hospitals.

Young Green was with the anti-aircraft division of the French Third army corps. His comrades were the famous Fighting Blue Devils and his duty was shooting the French seventy-fives at the Boche planes. Green brought down two Boche planes in nine days last May. June 8 he was gassed and has been in a French hospital since that time until he was sent home. He will probably have to have an operation on his eyes which are yet very bad from the terrible gas.

Private Green enlisted in the coast artillery and was chosen with 104 other men from a lot of 850 to aid in the French anti-aircraft service. Young Green, from an observation balloon watched the advance of the American troops at Chateau Thierry and has had many thrilling experiences. A sister, Mrs. Max Woods lives in this city.

Save Your Garden Seed.

Some of the seed now in your garden will be needed next year when planting time comes. Better save a supply while you can.

It is not hard to save garden seed, and quite frequently the home-grown supply is better than any that can be bought from seedsmen.

Home-grown seeds are suited to local environment, and the vigor and productiveness of the plants from which they are selected can be taken into consideration—which is an important point in selecting all seeds.

Wait until the seed matures, then gather and at once dry thoroughly, putting in packages well labeled, storing in a dry place where same can't be destroyed by insects, rats, or mice.

PAGEANT ENDS MEET

"SPIRIT OF MASTER" GIVEN BY SUNDAY SCHOOL CHILDREN

CONVENTION A SUCCESS

Over 500 Delegates Were in Attendance During the Two-Day Meeting of County S. S. Convention.

A pageant, illustrating by dramatization and pantomime, the Christian spirit, was given last night at the First Baptist church as the closing event of the Nodaway County Sunday School convention. It was one of the best affairs of its kind ever given and was used to show how such forms of illustrating could be well employed in Sunday School work and in mission and temperance movements.

The presentation was entitled, "The Spirit of the Master," and was given by the children and young people from four churches. The South Methodist gave the first part which took up "Immigrants," showing the vast number received into this country and the best thing to be done for these various nationalities. The Christian church gave a Japanese program. A bevy of girls dressed in the native costume, sang the Japanese national hymn, and acted out a street scene with a resultant story of how Christianity was embraced. The Baptist part of the program illustrated the work of Livingston in Africa and the First Methodist gave a missionary pantomime and dialogue which was very cleverly done by four little girls.

At the close all characters formed in the shape of a cross for a beautiful table. George Wilcox, representing the State Children Code Commission, gave a very interesting and explanatory talk in regard to the proposed amendments to the constitution regarding child welfare. A special publicity campaign is being given just now to these amendments, which come before the legislature.

Herman Bowman, secretary of the state association and Miss Edna Beard, state superintendent of the elementary department, each made short but splendid talks on topics of concern to Sunday School workers.

The convention was well attended, every township and school in the county being represented and over 500 delegates present. The program was splendidly handled and the entire session was helpful to those attending.

Albert Baker Improving.

Albert Baker, an employee of the Townsend Wholesale Company, who fell from a delivery wagon about a week ago and was very badly injured, is slightly improved and his attending physicians now hope for a complete recovery.

Mr. Baker fell backward from the wagon and struck the back of his head fracturing the skull.

Soldier's Name Omitted.

In the list of names added to the Honor roll and service flag at the First Presbyterian church Sunday night the name of Ralph Jamison, Fort Benjamin Harrison, Ind., was omitted. The honor roll now has 36 names of young men from the congregation who are in military service.

ANOTHER RETREAT FOR HUNS

FOCH USES PINCERS

THE ENEMY MAY BE TRAPPED BETWEEN CAMBRAI AND SCARPE AND COMPLETELY COUPED

ST. QUENTIN IS TAKEN

BLOODY FIGHTING ON STREETS OF FAMOUS CITY WITH ENEMY FORCED BACK ADVANCES

BULLETIN.

London, Oct. 2.—The Hindenburg line north of St. Quentin has been completely smashed by the British drive who have now passed completely thru the whole system of fortifications which the Huns boasted were impregnable. There is strong grounds current for accepting the report current here that Turkey has made direct approaches to the Allies thru financial channels, the Evening Standard says.

London, Oct. 2.—The latest advance of the British north of St. Quentin is threatening the retreat of the German line. Toward Leclau the Germans may be trapped between Cambrai and the Scarpe river and completely couped up. The German line of retreat from the Oise river to St. Gobain is in danger also. There has been heavy fighting between Cambrai and the Scarpe during the past twenty-four hours.

Developments about St. Quentin foretell another great German retirement and if the Allies are given good fighting weather the situation on the western front probably will undergo a big change before winter sets in.

The battle in the Champagne is progressing slowly with the French making small gains as they overcome German resistance. On the American front northwest of Verdun the German lines are giving away in the Argonne forest sector and another retreat similar to that on the Marne is looked for.

Between the Aisne and Vesle rivers the Germans have been thrown back from three to four miles on a front of ten miles by a vigorous French thrust, according to information here this afternoon.

London, Oct. 2.—Damascus, the ancient city in Palestine has been captured by General Allenby's British army. The city fell after it had been surrounded by British cavalry.

Paris, Oct. 2.—Bloody fighting took place in the streets of St. Quentin during the night in which the Germans, who fought desperately to retain their hold of the city were thrown back to the east bank of the canal which passes through that city, the war office stated today. Important gains were made by the French north of Rheims and between the Aisne and Vesle rivers their lines were extended. All the Massif of St. Thierry is now in French hands while further ground was captured north of Lenuillette, where the French have now reached the outskirts of Bethany. There were no changes on the Champagne front during the night.

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

YOURS TO PLEASE

Germany's Terms

By Count Roon

Germany is entitled to the following terms because of its strength, and until they are realized there should be no armistice:

Annexation of Belgium. Annexation of the entire Flanders coast, including Calais. Annexation of the Briey and Longwy basins and the Toul, Belfort and Verdun regions eastward.

Restitution to Germany of all her Colonies, including Kiaochow.

Great Britain must cede to Germany such naval bases and coaling stations as Germany designates.

Great Britain must give Gibraltar to Spain, cede its war fleet to Germany, give Egypt and the Suez Canal to Turkey.

Greece must be re-established under former King Constantine, with frontiers as before the war.

Austria and Bulgaria will divide Serbia and Montenegro.

Great Britain, France, and the United States must pay all of Germany's war costs, the indemnity being a minimum of \$45,000,000,000.

They must also agree to deliver raw materials immediately.

France and Belgium must remain occupied at their expense until these conditions are carried out.

How Are You Going To Answer Germany's Peace Terms?

THE greatest advertisement for the Fourth Liberty Loan of the United States of America has been written by a Prussian.

His name is Count Roon and he wrote it as a member of the Prussian House of Lords. It is printed above. Read it carefully.

Forty-five billion dollars or more indemnity!

This, then, is the price the world must pay for a victorious German peace. This, then, is the footnote to the Kaiser's prayer, expressed in the coldest terms of plainest business.

This is the meaning of war to the Prussian, as he proclaims his battles righteous, prosecuted in self-defense.

Oh, you men and women of America, is there a dollar in all this land to-day so tightly held that it will not now come forth to answer the swaggering arrogance of the Hun?

These days will tell, for as you place your name upon that subscription blank for Liberty Bonds you state the price

your land, your liberty and democracy are worth to you today.

Now how are you going to answer the "peace terms" of the kaiser and his band of murdering buccaneers?

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound, I decided to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.
